GRANT MOTION-PICTURE CHARTER TO LOCAL FIRM

Army Relief Society also adopted resolutions reciting that despite the recognized ability of Mrs. Cardwell, there is strong probability she will be displaced. These resolutions say also that—

"It seems altogether right and just that precedence in the appointment schould be given to army officers' widows who must earn their own living and are able efficiently to administer the business of the office, rather than to civilians who, through their political affiliations and interests, may be awarded such an appointment for party service."

Report Conditions Improved.

CHARTER TO LOCAL FIRM

In the Corporation Commission, the Richmond Photoplays, Incorporated, was granted a charter Saturday to carry on the motion-pleture art and industry in all its branches. W. F. Griffing, of New York, is president of the new concern, W. Sale, former Adjutant-General of Virginia, vice-president. J. Henry Beazeley is secretary and treasurer. While the corporation is authorized to carry on the motion-pleture business in all phases, the principal features of its operations will be the staging and imming of the exhibitors.

Mr Griffing has been in Richmont for several days arranging for the opening of the exhibitors.

And anything that speeds up your ledger will speed up collections. That's why the purchase of this tray is a good investment.

In an L. B. Card ledger tray, every account is instantly available. Cards are held upright-convenient to the hand. A single movement of the hand and the card is in the machine for posting. The tray is made so that the cards can be offset after posting. This means that you deal only with "live" cards in proving the daily balance.

The right-hand side of the tray can be dropped so that the operator can see the balance on the lowest line without removing the card from the tray.

L. B. Steel ledger trays are carried in stock for the standard sizes of cards. Finished in olive green or mahogany,
